TOWN AUDITOR'S REPORT

Selectman, Town of Roxbury
Roxbury NH 03431

This is to certify that I have examined the books for the Town of Roxbury for the year ending December 31, 2000.

I have examined the books and records of the Town Clerk, Town Treasurer, Tax Collector, and Trustees of Trust Funds. I find that the books and records of these departments reflect its true financial condition, as of the closing date, to the best of my ability. I was unable to examine the books and records of the Selectman, as there weren't any comprehensive records as of the audit. At this time I would like to note that the Selectman need to maintain a ledger, within their office, and see that the recording of the transactions are done on a weekly basis. The payments made by the treasurer need to be matched and checked against the bills and filed on a weekly basis. This is necessary, so that a system of checks and balances can be maintained.

I would like to thank Peter, Marcie, Marika, Cheryl, and Betsy who worked very hard with me in order to bring about an acceptable audit. You are all very dedicated to the town of Roxbury.

Respectfully submitted,

Karen Cota

TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER REPORT

There are 2,200 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The number of fires reported during the 2000 fire season was below average as referenced in the statistics below. Despite this, our network of fire towers and detection patrols were still quite busy with the fire towers being first to report over 135 fires. These fires were quickly and accurately reported to the local fire department for their prompt and effective suppression efforts. Wildland fires occurring in areas where homes are situated in the woodlands are a serious concern for both landowners and firefighters. Homeowners can help protect their homes by maintaining adequate green space around them and making sure that houses are properly identified with street numbers. Please contact the Forest Protection Bureau to request a brochure to assist you in assessing fire safety around your home and woodlands.

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. Forest Rangers have investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217, or for general information visit our website at www.dred.state.nh.us.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection system and reports from citizens aid in the quick response from local fire departments. These factors are critical in controlling the size of wildland fires, keeping the loss of property and suppression costs as low as possible. Due to permitting and fire safety concerns, please contact your local fire department BEFORE using portable outdoor fire places and vessels, including those constructed of clay, concrete or wire mesh.

Please contact your local fire department before doing ANY outside burning.

ROXBURY POLICE DEPARTMENT

TOWN REPORT 2000

EMERGENCY 911

BUSINESS 352-1291

SELECTMEN: I would like to thank the selectmen for they're continuing support and guidance throughout the year. I feel we have a good working relationship, which is vital, for the operations of the Police Department.

COMPLAINTS: Once again I am happy to report complaints are down again this year, which the theory of patrolling reduces crime has found to work for us, which also has been found with a national study. The police department has tried to be as proactive as we can, with the resources that we have, however the type, number, and nature, and location of the complaints received by us helps us determine what action is necessary. Example: if we get a lot of complaints in one area such as suspicious persons, we make an attempt to add patrols to that area.

SUPPLIES: Office supplies is a hard thing to predict as the state changes paperwork without a lot of warning. Some supplies are general supplies, now we are in the computer age finally items to support reports such as paper, floppies, ink cartridges for printer etc, are needed. I don't anticipate any surprises this year. This line should be able to be kept at a minimum.

CRUSIER: This vehicle has been pretty good to us, considering what we had to pay for it, but it is 24 years old and getting tired. Every year now we have to do body work, which is getting expensive, to keep it with the state inspection laws. We are actively looking for a replacement.

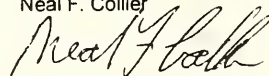

OFFICERS: We are a part time agency and work other jobs. However due to our schedules that rotate, there is always someone available day and night. We may not be on patrol, but can be reached through mutual aid at 352-1291 for non-emergencies, or 911 for emergencies. I encourage you not to call an officer at home, as he may not be the one available at that time. Also the dispatch center has the capabilities of paging us when we are not near a phone. Roger was promoted to the rank of sergeant this year, as he has show great dedication to the town, being available for calls, and handling them in a professional manner. He has training and experience from Winchester and the Stoddard Police department.

TRAINING: The state requires us to have continuing training throughout the year. Roger and I have attended several training sessions this year, not only to comply with state standards, but also to try to give us the most up to date laws and information to help us to are job better. This training also helps relieve the possibility of litigation against the town.

POINTS OF INTREST: report suspicious activity at once. The Police Department encourages you to lock your doors when you are away from home. There have been many reports county wide of daytime home invasions. Criminals prey on the working people that are away for the day.

PISTOL PERMITS: Pistol permit applications may be picked up in the selectmen's office Mondays from 7pm-9pm. The cost of permits is \$10.00 for a 4-year license. You may fill them out and call me, or slide it through my mail slot in the office door. Please allow 14 days for processing.

Report of the Roxbury Road Agent

Last year we hired All State Asphalt's pavement grinder and used it on the final portion of Davis Road preparing the surface for a new coat of pavement. New drainage was installed under the lower portion of Davis Road. New culverts were installed under Dillingham Road and extensive improvements were made to the drainage system. Grading roads, cleaning ditches and culverts, patching holes and cutting brush, were all summer projects.

Thanks to Bill Coutts for a good job maintaining the roads during the winter.

Report of the Roxbury Town Forest Fire Warden

Ice Storm Grant monies were used to purchase forest fire equipment. That equipment is listed: 2500 Feet of Hose, Back Pack Pump, Foam Unit, Hand tools, 1 High pressure Pump. 1 Chain Saw and miscellaneous fittings and adapters.

The six-wheeler was displayed at the Troy Fireman's Parade this fall. Many representatives were very impressed with the amount of equipment that could be available to them through a mutual aid call.

If you have any questions regarding the regulations on outside burns or any other fire related business you may call my home at 876-4687 and I will get back to you as soon as possible. I hop we continue to have a safe community.

PLANNING BOARD REPORT OF 2000

On September 7th Don Tardiff and Dick Gilcreast attended a preliminary meeting with the N. H. State Transportation Department at the Sullivan Town Hall concerning a proposed relocation of Route 9 in Sullivan and Roxbury, tentatively scheduled for 2005. The Roxbury Planning Board will be working with the Transportation Department on this project, and will publicize further informational meetings.

In October the Planning Board began to develop a Telecommunications Tower Ordinance for the Town of Roxbury to control tower height and placement, and to ensure that any new towers are bonded with a sufficient sum to tear down and remove any towers which become abandoned. The Board has worked closely with the N. H. Southwest Regional Planning Commission on this, and after two public hearings on January 18th and February 7th, 2001, developed a town ordinance in final form to be voted on at Town Meeting.

The Planning board meets on the first Wednesday of each month at 7:00pm in the Roxbury Town Hall.
